Tomato and Flower Plants

TOMATO PLANTS READY APRIL 1 — JUNE 15

MANALUCIE

SPECIAL THIS SEASON

85 DAYS

A wonderful tomato for both garden and market. Plants are upright and vigorous. Produces bright scarlet medium large fruit. Deep and round in shape with very few seed. This tomato will grow large in size, producing a very good show tomato. It's firmness and green pink ripening stage makes it an excellent shipping tomato also.

PARCEL POST PREPAID—12 PLANTS \$1.50

BURPEE'S HYBRID BIG BOY

Unusually large true first generation (F1) Hybrid. Perfectly smooth. Deep globe to deep oblate in shape. Very firm, extra large with many weighing one pound and more. Plants are extremely vigorous, and heavy producers.

Readily saleable at market and roadside stands. This is an ideal tomato for the particular trade. It can be staked and pruned to one or two vines or for the regular market it can be grown unstaked and without pruning. The heavy foliage provides good protection from sun scalding and the fruits are quite free from cracks.

PARCEL POST PREPAID—12 PLANTS \$2.00

We will be glad to quote you prices on larger quantities of both Big Boy and Manalucie.

FLOWER PLANTS

PANSY **Swiss Giants (mixed colors)**

Ready from October to March. Wide color range. Rugged plants which need only light protection to stand cold. Grown from seed imported from Denmark.

CALENDULAS **Hardy, vigorous plants**

Jet Freight

Delta Air Freight has overnight nationwide delivery
plus connections to every international destination.

ALL PLANTS ARE SHIPPED THE SAME DAY THEY ARE PULLED

Air Freight offers field fresh delivery for shipments of 5000 plants or more to any destination airport having regularly scheduled passenger flights. The charge for air freight is a combination of the motor freight rate from our Chula farms to the Atlanta Airport, plus the low airport-to-airport air freight rate. You may pick your shipment up at destination. Delta Air Lines will route your shipment from Atlanta and the delivering carrier will notify you on arrival. Next morning is the general rule for air freight, with second morning arrival at hard to get to, out of the way places.

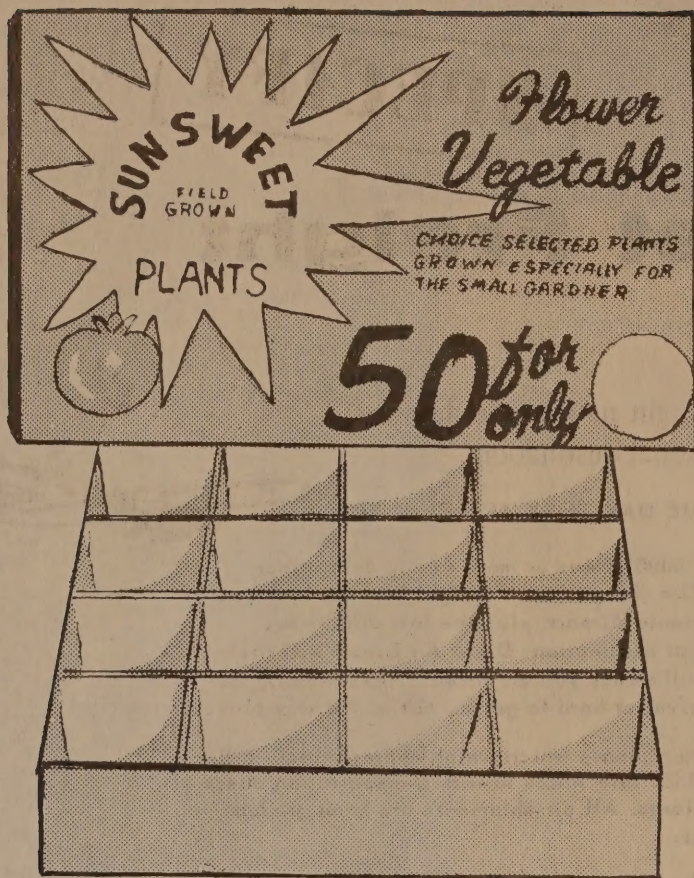

All plants weigh about 20 lbs. per thousand except onion plants which weigh approximately 6 lbs. per thousand. Air Freight charges are based on the 100 lb. rate which lowers transportation costs. You will only be charged for the actual weight of the plants. All air shipments are hand graded plants which insures top quality, long life, merchandise.

Dear Customer:

Since it is time to think once again about vegetable plants, we would like to call your attention to our new Catalog of vegetable and flower plants for your field or garden.

We would like to point out to you that we have purchased the L. P. Legg Plant Farm formerly of Rebecca, Georgia. Mr. Legg passed away two years ago and we plan to operate the consolidated companies under the Sunsweet Plant Farms. To the ones of you who have ordered from Mr. Legg in the past, we would like to say that we have grown and packed most of Mr. Legg's plants for a number of years prior to his death. We pledge to you that we shall continue to give you the best possible service.

We are happy to be able to offer you air-freight shipments this year along with our regular parcel post and railway express. We would like to call your attention to the reverse side of this letter which will give you an idea of the cost. We feel that your plants will reach you much quicker and of course be much more fresh. We would welcome any suggestions on any way we might improve our service to you.

Our Company has been in existence for many years and our equipment is the finest that is available. We only use the best certified seed obtainable and plant only on virgin soil. We are located eight miles north of Tifton, Georgia on U.S. Highway 41.

We would be happy to have you stop by and inspect our operation at any-time you might pass our way.

Yours very truly,
Sunsweet Plant Farms
